## Directors' Review Report June 30, 2010

### Dear Shareholders,

We are pleased to present the un-audited financial statements of Silkbank Limited for the second quarter, ended June 30, 2010. These financial statements have been subject to a limited review by the statutory auditors of the Bank as required under the Code of Corporate Governance and are accompanied by their independent limited review report.

### Economic Review

Despite various economic and social challenges, with the passage of time, the country's underlying macroeconomic environment has shown improvement in the period ending 30th June, 2010. The average inflation rate for the full year 2010 is expected to be around 12%, which is significantly lower than 20% in the previous year. The current account deficit has fallen significantly with foreign exchange reserves improving and, although the fiscal deficit is expected to be above the target, borrowings from the Central Bank have been curtailed compared to the past. Pakistan's overall economic condition has been further strengthened by a modest recovery in the global economic environment, as well as reasonable crop harvests in the country. As a result, with business confidence slowly returning, the Karachi Stock Exchange index has traded above 10,000 levels. The overseas workers' remittances have surpassed targets and large scale industries, in particular the automobile sector, have shown good performance.

However, inflation is still high and the oil prices and electricity could adversely affect the current account deficit and inflation, and any further increase in the fiscal deficit poses a risk to economic stability. The impact of power outages on the SME sector and its growth, and consequently on production and employment is also significant. The tight fiscal situation has also put pressure on development spending, and there is an urgent need to accelerate savings and investments and effectively curtail current expenditures.

It was expected that as the Government economic team increases its focus on these critical matters, the overall economic environment would show further stabilization, going forward. However, unfortunately the current unprecedented flood situation in the country has caused a disaster, affecting millions of people particularly in KP Province, South Punjab and certain parts of Sindh with no parallel in our history. Although the global community and institutions are donating and pledging funds, the Government has put on hold development expenditure of about Rs. 200 billion. There has been a huge damage to standing crops and overall revenue collection in the country is also expected to be lower. All these will have a significant impact on the overall economic position this year distorting this projected stabilization.

### Financial Performance

We are pleased to advise that the Bank has recorded a profit after tax of Rs. 618 million in the current quarter, which has resulted in a year to date post tax profit of Rs. 208 million.

Summarized financial position is as under:

	Rupees in Million 2nd Quarter June 2010
Profit before provision	429
Provisions (Net of recovery)	1
Profit after Provision (Net of Reversal)	428
Tax	190
	<hr/>
Profit per share	618
	<hr/>
	0.32

The above has been achieved as a result of improving revenues and gain on disposal of the Bank's properties of Rs. 562 million recorded during the period.

During the period under review, the Bank's deposit recorded growth of Rs. 4.399 billion is as under:

	30-06-2010	31-12-2009	"Rs. 000"
			Net increase
Current Accounts	9,377,912	7,508,976	1,868,936
Saving Accounts	16,456,591	11,770,838	4,685,753
Term Deposits	24,307,880	27,050,004	(2,742,124)
FCY Accounts	3,867,098	3,280,216	586,882
<b>Total</b>	<b>54,009,481</b>	<b>49,610,034</b>	<b>4,399,447</b>

## Directors' Review Report June 30, 2010

On the other hand, advances also increased by Rs. 9.3 billion to Rs. 49.9 billion, and the ratio of performing advances increased to 83% from 79%. Net equity increased to Rs. 6.1 billion from Rs. 1.7 billion resulting from subscription to the rights shares and gain on disposal of the properties.

Net interest income recorded growth of 205% and non interest income increased by 142% compared to the same period in the corresponding year, whilst Administrative Expenses including necessary development expenses increased by 11% in the same period.

### Operations

Total branch network of the Bank increased to 85. The Temenos (T-24) system has been successfully implemented in all the branches in Pakistan, and the Oracle system for financial reporting is currently in the process of implementation. Our focus on service has been enhanced further with video mystery shopping across all our branches and a further strengthening of our overall internal service measures.

### New Products

The Bank is in the process of launching a credit card and a dedicated project team is extensively engaged for this purpose within the Bank. Work is also in progress to launch new depository products to cater for the needs of business community as well the salaried class, and planning for Mobile banking is also at hand.

### Minimum Capital Requirement (MCR)

We are pleased to report that the Bank has met the SBP Minimum Capital Requirement (MCR) of Rs. 6 billion. Further, the Bank is also compliant on the capital adequacy ratio which is now above 10%. This has been achieved as a result of subscription to the rights shares and gain on disposal of properties recorded during the period.

In response to the rights issue announced in December 2009, the Bank received Rs. 4.413 billion of new capital. Part of the rights shares remained unsubscribed mainly due to Bank Muscat's inability to take up their share of the rights due to regulatory constraints, although their Board and management had supported the subscription. Silbank is therefore now in negotiation with new prospective investors for the subscription of the unsubscribed rights shares of Rs. 2.587 billion and the Securities and Exchange Commission of Pakistan (SECP) has granted approval to complete this process by September 30, 2010.

### Board of Directors

As a result of Bank Muscat's inability to participate in the current rights issue their shareholding in the expanded capital base will be considerably reduced necessitating a reallocation of seats on the Bank's Board. Mr. Ahmed Al-Abri and Mr. Arif Mahmood Ali nominee Directors of Bank Muscat have therefore resigned with effect from June 4, 2010. Mr. Shaukat Tarin has been appointed as a Director on the Board with effect from June 23, 2010 in place of Mr. Ahmed Al-Abri and the SECP has granted approval to fill the remaining casual vacancy by September 30, 2010.

The Board wishes to thank Mr. Ahmed Al-Abri and Mr. Arif Mahmood Ali for their very valuable contribution to the Board, particularly in the very critical early days of the acquisition of the Bank, and every success in the future. It also wishes to welcome Mr. Shaukat Tarin to the Board and looks forward to his support and outstanding professional expertise in strengthening the Bank.

### Credit Rating

The long term entity rating of the Bank is A (Single A Minus). The short term rating has been enhanced to A-2 (A-Two) from A-3 (A-Three). This rating has been placed under "Rating Watch / Positive Status".

### Future Outlook

The Bank has moved forward through a critical and difficult time and, having now met MCR and with a reducing need for further provisioning, is now positioning itself as a 'stable' institution. Although as mentioned above economic conditions are likely to remain challenging, the Bank will take all additional measures with a stronger balance sheet to meet its yearly targets on profitability fixed by the Board, enhancing value for all its stakeholders going forward.

## Directors' Review Report June 30, 2010

### Acknowledgement

We are grateful to our shareholders for their continued confidence in the Bank and the additional investment made by them through the rights issue. We also take this opportunity to express our deepest gratitude to our customers and business partners for their continued support and trust, and our sincere appreciation to the State Bank of Pakistan for their guidance and cooperation extended to the Bank. We are also equally thankful to our associates, staff and colleagues for their committed services to the Bank, and look forward to their support going forward.

## Auditor's Report to the Members on Review of Interim Financial Information

### Introduction

We have reviewed the accompanying condensed interim statement of financial position of SilkBank Limited as at June 30, 2010 and the related condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim statement of changes in equity, condensed interim cash flow statement and notes to the accounts for the half year then ended (herein after referred to as the "interim financial information"). Management is responsible for the preparation and presentation of the interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this interim financial information based on our review. The figures of the condensed interim profit and loss account and condensed interim statement of comprehensive income for the quarters ended June 30, 2010 and 2009 have not been reviewed, as we are required to review only the cumulative figures for the half year ended June 30, 2010.

### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information as of and for the half year ended June 30, 2010 is not prepared in all material respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.

### 7.6 Amendments in Prudential Regulations in respect of provisioning against non-performing advances

SBP, through its BSD Circular 2 of 2010, extended the benefit of Forced Sale Value (FSV) of mortgaged residential/commercial/industrial land (open plot, and where building is constructed separate valuation of land must be available ) held as collateral against NPLs, from three years to four years from the date of classification of that particular loan / facility.

The aforesaid changes in the computation of provisioning has resulted in reduction of provision against non-performing advances by Rs. 100.254 million and a consequent increase in profit after tax by Rs. 65.2 million.
